## Material

Kit Man is to produce quality bags made of sustainable and recycled material, to reduce the waste of resources and to rethink the usability of the things we throw away. Therefore, we had co-operated with different suppliers by using recycled or upcycled material. We work hard to make our bags even finer and integrate even more sustainability into our bags. Our factory is will to save the earth with everyone together.

Our products are made with different material, we can work with **ORGANIC COTTON, BCI Cotton, PET recycle fabric**. And we are starting to use those recycle material or eco-dyeing in those of our accessories which are webbing straps, zippers, plastic buckles, metal buckles.

The vegan fashion revolution will continue to influence different brands and their designers. We are supporting those fabric and accessories that contain no animal components which is in **VEGANFASHION**. We can support the fashionable wares with recycled, cruelty-free and sustainable materials.
